

Webinar Sponsorship Opportunities

Digital Sponsorship

Since early 2020, OCNI has offered various online events of the highest caliber. OCNI virtual events deliver quality learning, programming, insights, and industry networking opportunities to its members.

To continue sharing these events with our network, we rely on our sponsors' support and valued partnerships. By sponsoring any OCNI hosted webinar, you are not only investing in your own network, but also the future of our industry.

The unique opportunity of a digital sponsorship allows our members to show support for a specific topic, gain exposure, and create or maintain relationships with your target audience. Discover our offered packages below and connect with the industry through the OCNI platform!

"Our sponsors are integral to providing our network with events and industry highlights. This opportunity to explore new ideas and hear from local and international experts presents the perfect forum to support the industry, connect with colleagues, and promote your business through online sponsorship."

-- Dr. Ron Oberth
President & CEO, OCNI
